Dear Sir:

The final office action mailed on 12/23/08 contains an Examiner's statement of reasons for allowance of then pending claims 5, 16, and 22-23. The statement contains language that attempts to characterize the claimed subject matter. However, the statement appears to cite only a portion of the claim language from each of the allowable claims. The Applicants submit that the allowed independent claims recite additional language. To that extent, the Applicants object to the statement.

In general, to the extent that the statement differs from the language of any of the independent claims, the Applicants reject any narrowing or limitations that might possibly result from such differences.

For each of these reasons individually and for all these reasons collectively, the Applicants object to the statement.

Respectfully submitted,
